            "https://coderanger.net/"

experience ::=
            cryptic
            olpc
            voiceflight
            opensource

cryptic ::=
            "Operations Programmer"
            "Cryptic Studios"
            "Los Gatos, CA"
            "2008 - Present"
            "Maintained game patching
systems and internal version control
tools. Built a game launcher and
integrated installer system. Ported
legacy game infrastructure to standards-
compliant web services using Django.
Built Chef configurations for Python and
PHP applications."

olpc ::=
            "Security Engineer"
            "One Laptop Per Child"
            "Cambridge, MA"
            "2007 - 2008"
            "Implemented the Bitfrost
security platform for the XO laptops.
Other duties include maintaining the bug
tracking system and working on the game
development tools."

voiceflight ::=
            "Programmer"
            "VoiceFlight Systems LLC"
            "Troy, NY"
            "2006 - 2007"
            "Writing support tools for
voice recognition, as well as building
and maintaining the server
infrastructure."

opensource ::=
            "Open Source Developer"
            "The Internet"
            "2006 - Present"
            "Created a wide variety of
plugins and other enhancements for the
Trac project management system. Active in
the Django community and the greater
Python web ecosystem."

education ::=
        "Rensselaer Polytechnic Institute"
            "Troy, NY"
            "BS of Computer Science"
            "2008"

skills ::=
            languages
            libraries
